Re: Cleveland Heights Municipal Court's Annual Report for 2001

In this, the Court's 2001 annual report, I would like to bring to your attention the following matters:

In 2001, the number of traffic tickets handled by this court dropped significantly. In 1999, the Court processed approximately 31,000 tickets. In 2000, that number dropped to 21,000. In 2001, that number dropped even further to 15,753. There was, of course, a corresponding drop in revenue coming into the court. This year the court remitted over \$1,465,000 to the City of Cleveland Heights while maintaining its adopted operating budget at \$966,245.

The year 2001 was one in which a great deal of change occurred within the court. The sitting judge, Lynn C. Toler, resigned in September to assume a position as judge on a nationally syndicated television program. Judge Lynn Arko Kelley was appointed by Governor Robert Taft to serve as Judge in September, and subsequently, Judge A. Deane Buchanan was elected and assumed the position as Judge in November. Throughout this period of change the Court and the Clerk's office continued to process cases and provide service at a high level of efficiency and courtesy.

Since December, The Court has upgraded recording equipment and begun the process of improving security measures at the Court. New state-of-the-art digital recording systems have been installed in both courtrooms. The digital recording equipment will provide better quality court recordings and easy retrieval of heard cases. In the area of courtroom security, the court is looking at implementing a comprehensive courtroom security effort that will not only improve security in the courtroom and adjacent areas but will update the emergency and disaster recovery plans.

While this court takes its fiscal responsibility to the City of Cleveland Heights quite seriously, the fair and efficient administration of justice, is, of course, this court's primary concern and ultimate goal. The court has continued to review and revise its housing court procedures in an effort to accomplish prompt and complete compliance with the housing code by housing defendants.

In the year 2002, the court will continue in its efforts to improve.

Respectfully submitted,

A. Deane Buchanan, Judge

The figures above and those on the following page represent the number of criminal charges and the number of traffic charges plus parking complaints actually filed with the court during the year 2000. The number of cases filed are on the Supreme Court Report Chart starting this section. The Rules of Superintendence for Municipal and County Courts provide that multiple offenses arising from the same incident by the same defendant be given only one case number and counted only as one case for the purpose of the monthly reports to the Supreme Court of Ohio. This is the basis for the difference between the number of CASES and CHARGES. There are always more charges than cases under this method.
